Notes & Details

This Cooking Performance Group 24-CPG-GRDM natural gas 24" 2 burner griddle with manual controls boasts two powerful 30,000 BTU stainless steel U-shaped burners with standing pilots for instant ignition, making it a fantastic choice for busy diners, snack bars, concession stands, and take-out restaurants! Great for burgers, bacon, cheesesteak, and other meats, this unit's manual controls offer added appeal to experienced chefs who prefer the "feel" of manual controls, while the 3/4" thick, 24" wide polished steel cooking surface features an impressive 20" depth that is sure to deliver all of the workspace needed.

The durable equipment base features an open design for maximum access to the storage space below, which is perfect for storing pans and utensils for upcoming cooking tasks. The base's 16-gauge stainless steel ensures not only a sleek, attractive appearance, but also great longevity in even the toughest kitchen environments. Plus, its welded design and 6" legs make cleaning in and around the unit easy! This unit has a 3/4" rear gas connection and ships ready to connect to a natural gas supply, but can be field converted to liquid propane.
