

CVC 370

Wet/Dry Vacuums

Compact and easy to handle, all three units are constructed from Polyethylene (CVC 370 & 800) or Structural Foam (CV 570) making them durable with nothing to rust.

CVC 370 / CV 570 / WV 800 Key Features

- WV 370 and WV 800 have separate wet and dry filters, while the Combivac 570 (CV 570) features dual filtration that can be used wet and dry concurrently without changing filters
- Easy dumping as the WV 370 and CV 570 are equipped with convenient carrying handles, while the larger WV 800 has a drain hose
- All three units offer 0.5 micron filtration on dry soil
- Units incorporate our ball float wet shutoff assembly - the ball rotates continually, staying clean and free from debris while preventing water from reaching the motor
- All three are equipped with a 1200 watt bypass motor, providing excellent wet or dry recovery
- Complete with two-year motor warranties
- All three are compact, maneuverable and easy to use - an excellent choice where a full-size wet vacuum isn't required

CVC 370

MODEL

CVC 370

Motor / Life	1,200 W, 1.6 Hp, 1,100 hours
Airflow	95 cfm
Water Lift	100"
Capacity	4 gal.
Standard Filtration	0.5 micron @ 98.6% efficiency

Weight	19 lb
Power Cord	42'
Noise Level	61 dB(A)
Tank Construction	Polyethylene
