

Superb Graphics and  
Superior Insulation

### Fusion® Graphically-Enhanced Insulated Cups

Fusion® cups offer an excellent solution for your upscale, gourmet beverage program. With the most appealing and inviting gourmet beverage package available today, these cups are certain to increase customer satisfaction as well as enhance your business image.

Gourmet coffee customers will appreciate the comfort of using Fusion cups thanks to its unique ThermoThin™ core. ThermoThin offers superior insulation over paper hot cups, creating a cup that isn't too hot to hold. ThermoThin also means less waste and cost by eliminating the need for double-cupping or cup sleeves.

# Fusion® Cups

## Features

### ThermoThin™ core

Maintains hot and cold beverage serving temperature and taste while keeping cup sidewall comfortable to the touch

### Strong sidewall

Reinforces cup durability and prevents seeps, thereby reducing customer complaints and increasing operator repeat business

### 4 cups/1 lid size

Stock one lid size to accommodate 4 different Fusion® cups; pair with our award winning Optima® reclosable lid for exceptional performance and style

### Molded rolled lip

Provides comfortable drinking and secure lidding

### FotoFinish® printing

Magazine-quality print surface allows for detailed graphics, top-to-bottom coverage, and amazing process printing unlike any other hot cup

### Two attractive stock prints

Stock printed designs include a positive environmental message along with "Caution - May Be Hot!" statement in English, French, and Spanish

### Foot stack

Allows for easy one-hand separation of stacked cups
