

PRO HEPA 10BB battery operated vacuum that can be worn comfortably as a backpack. Offers 10-quart recovery capacity and the ultimate in HEPA filtration and clean-air technology. HEPA filter that is individually tested and certified at a minimum efficiency of 99.97% at .3 microns. It is the only backpack vacuum equipped with three (3) HEPA Filters. The main HEPA filter, secondary cloth pre-filter and disposable paper filter bag are all drop-in, modular components on the intake side of the motor. Two smaller HEPA filters are mounted at the motor's output to ensure absolute clean-air exhaust.

Features

- ✓ Two (2) Lithium-ion batteries: Rechargeable and cable free. Each battery provides 45 minutes of run time. Only three (3) hours required to fully charge the battery
- ✓ Four-stage filtration including individually tested and certified HEPA filter prevents premature clogging and ensures clean air exhaust.
- ✓ Padded harness with handle allows for free arm movement, enhancing cleaning performance while minimizing stress to the operator's body.
- ✓ Lightweight, polyethylene body resists impacts and withstands years of professional use
