

PRO HEPA 6BB battery operated vacuum that can be worn comfortably as a backpack. provides 90 minutes of peak vacuum power before recharging. The model PROHEPA 6BB offers 6-quart recovery capacity and the ultimate in HEPA filtration and clean-air technology. This backpack is a genuine “HEPA Vacuum” so it has a HEPA filter that is individually tested and certified at a minimum efficiency of 99.97% at .3 microns. In addition, the HEPA filter, secondary cloth pre-filter and disposable paper filter bag are all drop-in, modular components on the intake side of the motor. Advanced lithium ion battery technology makes the PROHEPA 6BB ideal for applications where using electrical outlets are not practical.

Features

- ✓ Two (2) Lithium-ion batteries: Rechargeable and cable free. Each battery provides 45 minutes of run time. Only three (3) hours required to fully charge the battery
- ✓ Two-stage 36V 600 Watt vacuum motor
- ✓ Padded harness with handle allows for free arm movement, enhancing cleaning performance while minimizing stress to the operator’s body.
- ✓ Lightweight, polyethylene body resists impacts and withstands years of professional use
