

# DRNX SLM

PERFECT POUR  
READY-TO-DRINK

Recommended for:  
High Volume Locations; Cafes, Restaurants, Events

## PRODUCT FEATURES:

**Advanced Cooling:**  
Patented machine that flash chills any beverage to a crisp 36°F

**Unlimited Nitro:**  
Proprietary system; no nitrogen tanks required.

**Infusion On-Demand:**  
Switch from Nitro to Still with the press of a button.

**Fast Operation:**  
Pour five drinks per minute, every minute.

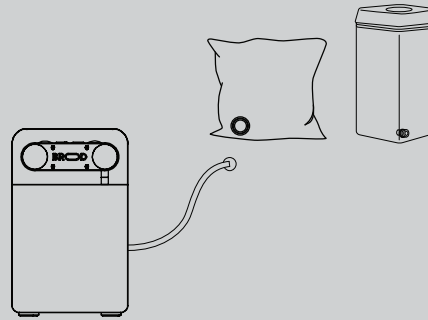

**Consistent:**  
Insures a consistently creamy, ice-cold pour for each serving.

**Compact:**  
Slides in easily on any countertop.

**Quick Installation:**  
Simply plug it in.

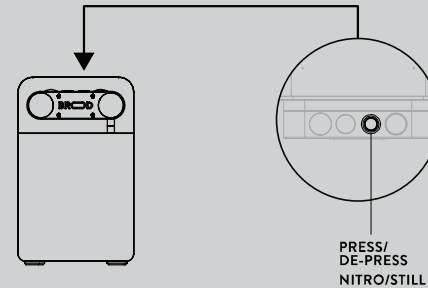

## 01 CONNECT

DRNX SLM can pour from any container.  
Prebatch ingredients in a container of your choice.

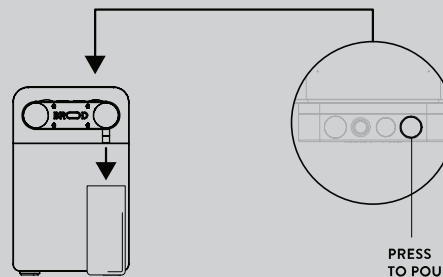

## 02 CHOOSE NITRO OR STILL

Press the infusion button for the creamy goodness of nitro infusion. De-press the infusion button for a traditional, still cold brew.

## 03 POUR

After connecting, raise a glass and select nitro or still.  
Press the pouring button  
Beverage ready for sipping in under 12 seconds.
