Modular Drop-in: Top Mount Fabricator Well

The Vollrath Company, L.L.C.

MODULAR DROP-IN: TOP MOUNT FABRICATOR WELL

Modular Drop-in: Top Mount Fabricator Well

DESCRIPTION

The modular drop-in is designed for top-mount installation and requires hard-wiring. The beveled edge is designed for easy cleaning.

High-density glass fiber insulation and internal design features allow zero-clearance installation and use of 1000W elements.

Deep stainless steel well allows use of full-size and fractional pans up to 6" (15.2 cm) deep while still providing moist heat. Adaptor bars are recommended when using fractional pans.

Drop-in meets NSF4 performance standards only when using moist heat. Operation with water is required for even heating of the food product.

ITEMS

36368 120V (US/Canada)

36369 208-240V (US/Canada)

FEATURES

- Thermostatic control.
- Top is 20-gauge stainless steel, 18-8 Type 304, with approximately 1" (2.5 cm) overhang on all sides.
- Deep drawn well is 20-gauge 18-8 stainless steel.
- Standard 1000W heating element.
- Standard drain is ½" (1.27 cm) stainless steel fitting welded to pan with brass nipple extending below exterior housing. Drain screen included.
- Unit insulated on sides, ends, and below element assembly with high-density glass fiber insulation.
- Exterior housing is 20-gauge galvanized steel.
- Drop-in is supplied with stainless steel control panel for remote mounting of control.
- 4-ft. (121.9 cm) control cord contained in flexible metal conduit.
- Standard mounting tabs provided for sheet metal counters.

ACCESSORIES

- ☐ Optional mounting kit for laminate and solid surface countertops. Item No. 36370.

WARRANTY

All models shown come with Vollrath's standard warranty against defects in materials and workmanship. For full warranty details, please refer to www.Vollrath.com.
