LIFESTOR® Undershelf for Stainless Steel Worktables

MODELS:

☐ suffix "-L1"

To order LIFESTOR® undershelves, add suffix "-L1" to worktable model number.
Example: T2484STEB-L1

Features:

- Stainless steel tubular base with solid polymer shelf sections.
- Available for 24" and 30" (610 and 762mm)-wide stainless steel worktables* with tubular base.
- Four-sided adjustable stainless steel bracing ensures optimum strength and eliminates table wobble.
- Polymer shelf sections are dishwasher-safe, non-corrosive, and removable for ease of mopping underneath worktable.
- Polymer shelf sections feature MICROGARD® antimicrobial protection (see bottom of page for description).

* Undershelves must be ordered with worktable, for they cannot retrofit in field due to leg spacing. Recommended for stationary use only.

MICROGARD®:

- LIFESTOR® undershelves are protected with MICROGARD®, an antimicrobial agent which contains built-in protection to retard the growth of a broad range of bacteria, mold and mildew on the surface of the shelves that cause stains, odors and degradation.
- MICROGARD® combines inorganic antimicrobial silver ions with a patented delivery system. The patented delivery system triggers the release of silver ions which react with bacteria in three ways: 1) suffocates the cell, 2) stops the cell reproduction system, 3) stops the cell from growing.
- MICROGARD® is a second line of defense. In keeping with good hygiene practices, clean this product as usual. The protection will not wash out, while organic bactericides may. **

** MICROGARD® does not protect users or others against bacteria, viruses, germs or other disease organisms. Always clean this product thoroughly after each use.

LIFESTOR® Undershelf for Stainless Steel Worktables

STB Series* Flat Top Worktables with LIFESTOR® Undershelf

These tables feature 1 1/2" (41mm)-diameter 180° rolled edge on front edge. Ends are turned down 90°, providing for flush installations when required. Heavy gauge type 430 stainless steel tabletop.

model #	table dimensions				weight	
	width		length *			
	in.	mm	in.	mm	lbs.	kg
T2448STB-L1	24"	610	48"	1219	50	22.7
T2460STB-L1	24"	610	60"	1524	60	27.2
T2472STB-L1	24"	610	72"	1829	70	31.8
T3048STB-L1	30"	762	48"	1219	58	26.3
T3060STB-L1	30"	762	60"	1524	67	30.4
T3072STB-L1	30"	762	72"	1829	79	35.8

* Other lengths of STB Series can be found on spec sheet **EG10.43A**.

All Eagle Group worktables feature patented uni-lok® gusset system (patent # 5,165,349): gussets are recessed into hat channels, which are welded onto underside of tabletop for reinforcement and reduction of lateral movement. Worktable legs are 1 1/2" (41mm) diameter.

Applicable Eagle Group Worktables with Galvanized Tubular Base:

#GTB, GTEB, GTE, and GTEM Series (24"- and 30"-wide tables only).

For Tables with Flat Top, see spec sheets **EG10.42A-D**.

For Tables with Upturn, see spec sheets **EG10.03A-C**.

For Tables with Backsplash, see spec sheets **EG10.46A-D**.

Applicable Eagle Group Worktables with Stainless Steel Tubular Base:

#STB, STEB, STE, and STEM Series (24"- and 30"-wide tables only).

For Tables with Flat Top, see spec sheets **EG10.43A-D**.

For Tables with Upturn, see spec sheets **EG10.49A-C**.

For Tables with Backsplash, see spec sheets **EG10.47A-D**.

Refer to the spec sheets listed above for more information on worktables.
