Notes & Details

Create consistent burger patties with this Garde XL 181PRT512 5" x 1/2" tray for XL burger presses. Designed to fit Garde XL burger presses, this tray slides into the unit to work as a mold for your burger ingredients. This tray has only one mold to make consistent burger patties 5" in diameter and 1/2" in thickness, so you can serve up the juicy signature burgers your customers expect from your menu. Be sure to pair this tray with the corresponding bumpers (sold separately) if you are using it as an accessory to change the size of your burger press.
