

# **HSM SECURIO B35**

Document shredder  
**Ideal for open-plan offices**

- Integrated light barrier starts shredder automatically and switches it off after paper feed ends
- Anti-Jam Technology prevents jams when machine is overloaded
- Continuous Duty operation ensures continual shredding with no down time
- High user safety guaranteed by the folding safety element which prevents unintentional intake
- Energy Management Control System EcoSmart: particularly low power consumption of 0.1 watt in standby mode
- Comprehensive safety system - UL Approved, CE-certified
- Cutting cylinder made of 100% solid steel for high cutting capacities
- Separate reverse button
- LED indicates machine status, container full, cutting unit blocked and door open
- Inspection window to monitor filling level
- Casters for mobility and shared use
- Optional Automatic external oiler for cross cut, micro cut and HS P-6 ensures long time cutting performance and quality
- Uses a 58 gallon capacity shred bag; Part #HSM2117
