

WHOLE SLOW JUICER MASTER CHEF CS700

The all new Kuvings Whole Slow Juicer MASTER CHEF represents the cutting-edge in juice extraction, with the gentle cold-press technology that is equally suitable for juice bars, restaurants, and health clubs, as it is for any culinary chefs.

MAXIMUM NUTRITION

The ultra-efficient Kuvings juicer features low speed masticating technology that extracts maximum juice from fresh produce while preserving highest yield of nutrients and vitamins. It creates less foams and no heat for long lasting juice with richer flavor.

3.5" WIDE MOUTH FEED CHUTE

The juicer comes equipped with a 3.5" feed chute and allows to juice a range of whole fruits while significantly reducing the need to prep and cut. An ergonomic pusher fits easily allowing to safely add ingredients.

VARIETY OF FOODS

It effortlessly and quietly cold-presses fresh juices, smoothies, and sorbets from fruits, vegetables, leafy greens, and herbs. It also presses instant nut milks from a variety of nuts with no need for cheesecloths or additional strainers.
