Notes & Details

Seat your guests in comfort and style with this Lancaster Table & Seating Sofia black finish wood chair with black vinyl seat. This chair's sleek padded back and seat combines with its attractive wooden frame to instill a unique look in any location. At an ideal height for standard dining table height seating, this chair is a versatile option for any restaurant, bar, deli, or coffee shop.

This chair's sturdy European beechwood frame provides unmatched durability and an impressive 350 lb. weight capacity. Beechwood stands up better to daily use and is able to better resist gouging and chipping compared to other types of wood. Additionally, the smooth surface on this chair provides a natural wood feel, while the elegant black finish offers the ultimate in style. Its reliable design ensures you'll be using this chair in your pub or restaurant for years to come!

This chair also features a supportive upholstered back to ensure comfort for your patrons while they enjoy your signature drinks or meals. The 2 1/2" thick black vinyl padded seat provides an added layer of comfort for your guests, and it's also durable and easy to clean! It is made with fire-retardant foam for added safety.

Each leg comes with an integrated glide to protect your floors from scuffing. To save you money, this chair is shipped with the seat detached. This chair requires light assembly by screwing in the seat to the frame.
