The Lancaster Table & Seating 36" x 24" x 35 3/8" stainless steel gray carpeted luggage cart is the perfect addition to any establishment that requires easy and efficient luggage transportation. Its compact size fits in elevators and allows for easy maneuverability through hallways, while the sturdy metal push / pull bar provides excellent control. With (4) 5" polyurethane casters, this cart boasts smooth mobility in any establishment.

The low-maintenance carpeted base allows for both indoor and outdoor use for versatile utility. The carpet also provides a soft surface for luggage, protecting it from scratches and damage during transportation. Additionally, this cart is equipped with a bumper to protect both the cart and walls from damage. Ideal for hotels, airports, and resorts, this luggage cart is the perfect solution for your luggage transportation needs.
