Notes & Details

You can have all the tools you need to keep your customers satisfied at your disposal with this Lancaster Table & Seating 24" black waitress station with drawer and 4 adjustable stainless steel rack holders. Durable enough to last and ideal for use in nearly any dining setting, this black waitress station is perfect for keeping silverware and glassware ready and organized for all your servers.

This waitress station comes with one drawer that is able to hold a cutlery box, one bottom shelf for extra storage, and four adjustable stainless steel rack holders that can accommodate a total of two racks (sold separately) in order to keep glass and flatware organized. With this station, you can also store other essential items like menus or napkins close at hand to keep your restaurant service running smoothly. The drawer features roller-bearing self-closing slide tracks. It also features a laminated melamine construction that's paired with 3mm thick PVC edging to ensure extra strength and durability, so you can be sure that it will provide long-lasting use in your establishment. Optimize service in your establishment with the help of this waitress station!
