# Notes & Details

Rural countryside meets urban city with this Lancaster Table & Seating 24" x 30" rustic mahogany solid wood live edge standard height table with 2 chairs. This set comes complete with an attractive table top, standard height base, and 2 chairs, providing everything you need to complete the look of your winery, brewery, or farm-to-table eatery. It combines the natural look of wood with rugged metal accents to add a rustic element with contemporary flair to your establishment. The rustic mahogany finish highlights the distinctive woodgrain patterns and gives the set a unique aesthetic that can't be duplicated. The table ships unassembled with hardware included, while the chairs ship fully assembled.

Thanks to its 1 1/2" thick European beechwood construction, the table top is durable enough to withstand the wear and tear of everyday use. Its underside includes V-shaped metal braces that prevent the wood from warping, which helps to maintain the smooth, sturdy surface. The table top also features 2 live edges for a rustic look that captures the natural beauty of wood.

The included table base features a solid beechwood column with a steel base plate and spider attachment. The wide, square base helps prevent the table from wobbling, while the adjustable feet add stability. Plus, the floor glides on the base plate and chair legs help protect your floors from scuffs and scratches. Thanks to its generous 400 lb. weight capacity, the table base will provide a reliable foundation for heavy meals, dinnerware, and decor. The table base elevates your table top to standard dining height, ensuring it stays steady and balanced while guests enjoy your signature drinks and dishes.

Each chair boasts a sturdy steel frame for unmatched durability in your dining room. They can hold up to 350 lb. of weight thanks to the metal frame and supports under the seat. The seat, back, and legs are made of solid beechwood, which stands up better to daily use and is able to better resist gouging and chipping compared to other types of wood. Each chair also features a rectangular back that's contoured to provide extra support to your customers' upper backs. Plus, foot rungs below each seat give customers a place to rest their legs. With the perfect blend of warm and cool tones, this industrial set makes it easy to create an inviting and modern dining room your customers won't soon forget!
