Notes & Details

Feature beautiful wood with reliable durability in your dining room by choosing this Lancaster Table & Seating industrial 30" x 96" solid wood live edge table top with honey maple finish. It is perfect for rustic settings such as on-trend breweries, wineries, and restaurants, making it a versatile addition to any establishment. With the perfect blend of warm and cool tones, this industrial table top makes it easy to create an inviting and modern dining room!

This table top can be used with compatible Lancaster Table & Seating industrial bases (sold separately). Pair it with seating from the rest of the industrial line to create a coherent and attractive dining space your customers won't soon forget! At 96" in length, it can comfortably seat 8-10 guests. If you're looking to add unique, rustic ambiance to your dining space, this table is sure to provide a dependable yet distinct aesthetic!

Thanks to its 1 1/2" thick European beechwood construction, this table is durable enough to withstand the wear and tear of everyday use. Its underside includes V-shaped metal braces that prevent the wood from warping, which helps to maintain the smooth, sturdy surface. This table also features 2 live edges for a rustic look that captures the natural beauty of wood. The honey maple finish highlights the distinctive woodgrain patterns and gives the table a warm, inviting hue. This design ensures no two tables are exactly alike, providing your establishment with a unique aesthetic that can't be duplicated.
