## Notes & Details

Add increased functionality and decoration to your restaurant trash receptacle with this Lancaster Table & Seating waste receptacle enclosure! This enclosure is designed to fit two 25 gallon square trash cans (each sold separately). The attractive wood body obscures trash from sight and helps restrict odors. It features a sleek walnut laminate finish that will complement any restaurant decor with black "THANK YOU" script, letting your guests know that you appreciate their business and their attention to cleanliness.

This trash can enclosure has two swing top doors where guests can easily discard trash, as well as two tray shelves for placing used trays, reducing the chance of them being accidentally thrown out. The swinging doors mean that your trash is entirely concealed at all times while also allowing guests to easily dispose of waste. For easy trash removal, the enclosure has two large doors that swing open so you can remove the trash cans at the end of the night. It ships unassembled to give you the best shipping rate possible, and it's very easy to put together once it arrives. Promote a sanitary environment in your dining room by offering this receptacle enclosure for the convenience of your guests and staff.
