Notes & Details

This Lancaster Table & Seating 32" round granite white heavy-duty blow-molded bar height plastic folding table is an ideal addition to any catered event! Its high-impact, blow-molded polyethylene top won't crack, chip, or peel, so it can be used in almost any setting. Not only is it easy to clean, but it is also stronger and lighter than comparable wooden folding tables, ensuring long-lasting use and quick, effortless transportation.

Thanks to its durable construction and bar height, this table can be used both indoors and outdoors and works great as a cocktail table. It is versatile enough for both casual and high-end events, making it an economical choice for restaurants and catering businesses. Its heavy-duty powder-coated steel frame is built to support even your heaviest chafing dishes and platters. Plus, each foot boasts a rubber cap to protect floors from scratches and scuffs while offering improved traction on slick surfaces. After your event is over, the folding legs bend at multiple joints for compact storage and easy transport. Make setting up and tearing down parties and banquets simpler than ever with this Lancaster Table & Seating folding table!
