Notes & Details

Featuring a space-saving, bi-fold design with a carry handle, this Lancaster Table & Seating granite white plastic bi-folding table gives you exceptional versatility and durability! This table is also perfect for both indoor and outdoor use. With its high-impact polyethylene construction, it's guaranteed not to crack, chip, or peel as a result of routine use. The table is also stronger and more durable than wood, and it is easy to clean for added convenience.

The unit features a generous 72" diameter and a classic granite white surface for convenience and style, and its carry handle makes it easy to transport at the end of an event. To store, simply remove the crossbars and secure them beneath the table using the built-in clips. Collapse the legs and fold the table in half. It then locks in place for safe, compact storage and efficient transport. Carry it by the built-in handle or place it on a dolly. To set it up again, unlock the table, unfold it, extend the legs, and insert the crossbars to hold everything in place.

This table is a fantastic choice for catered events in virtually any setting, including dining rooms, kitchens, offices, conference rooms, restaurants, and banquet halls. The sturdy powder-coated steel frame boasts 20 gauge steel legs and a 2" thick granite-colored top for a table that is as durable as it is attractive. Rubber caps on the end of the legs help protect floors from scuffing. Perfect for large gatherings, catered events, and parties, the table easily folds up for a compact, light weight solution to your storage and transportation needs!
