Notes & Details

Enhance the seating experience at your venue with the Lancaster Table & Seating Sol sea moss green arm chair. Constructed from durable polypropylene and reinforced fiberglass, this chair is built to withstand the rigors of commercial use. Its light weight frame is easy to move and reposition. Plus, the chair can be stacked in towers of six with others from the Sol line, making storage quick and simple. Built for indoor and outdoor use, this UV-resistant chair is a reliable and stylish choice for any restaurant, cafe, or patio.

The chair's alluring sea moss green color is sure to complement your existing decor. The chair's seamless design adds to its sleek aesthetic but also makes it incredibly easy to clean and maintain. The comfortable, slotted backrest of the chair provides both support and breathability for your customers. The built-in armrests add an extra level of comfort, allowing your customers to rest their arms and feel at ease. Additionally, the non-slip feet of the chair keep your floor protected from scratches and scuffs. Upgrade your seating options with this Lancaster Table & Seating Sol chair today!
