Thread Size	1/2"-13
Type	Bolts

Ensure the integrity of your outdoor tables with this Lancaster Table & Seating Excalibur serrated outdoor table base flange bolt. This 304 stainless steel bolt is designed specifically for use with your Lancaster Table & Seating Excalibur outdoor table base (base sold separately). It's a direct replacement for the one that came with your outdoor table base. Plus, its serrated design resists vibrations and maintains a secure hold. Use this bolt to secure the base plate to the column.
