Notes & Details

Ensure the integrity of your outdoor table with these Lancaster Table & Seating Excalibur outdoor table base floor glides. These M8 thread glides are designed specifically for use with your Lancaster Table & Seating outdoor table base (sold separately). These floor glides work best with Lancaster Table & Seating Excalibur end column table bases. This set includes two glides to help to level bases on uneven floors. Should you decide to use your table indoors, these glides also help protect your flooring from scuffs and scratches! For your convenience, this hardware is easy to install (table components sold separately).
