Notes & Details

Enhance the efficiency and functionality of your outdoor waste management system with the Lancaster Table & Seating black plastic round dome lid for 55 gallon cans. Designed to conceal waste and minimize unpleasant odors, this dome lid is a practical addition to your outdoor trash cans that keeps the bag from filling with water, snow, or other debris. The convenient push door allows for effortless one-handed waste disposal, promoting a clean and tidy environment for your patrons. Its sleek black color not only presents a professional appearance but also complements the LT&S perforated steel outdoor cans (sold separately), creating a cohesive waste management system that is both functional and visually appealing.

Constructed with a heavy-duty design, this dome lid is built to withstand outdoor elements, making it an ideal choice for parks, municipalities, and schools. Whether you're looking to upgrade your current waste disposal system or simply need a reliable solution for outdoor use, this Lancaster Table & Seating dome lid is the perfect choice to keep your outdoor spaces clean and organized. With its durable construction and user-friendly design, this dome lid is a practical investment for any commercial setting requiring efficient waste management solutions.
