Notes & Details

Keep your space clean and welcoming with this Lancaster Table & Seating 20 gallon stainless steel round perforated recycling bin. Made of durable stainless steel, this unit is built to last. The round design allows for convenient access from any direction, while the rubber bottom ensures that the can remains securely in place and protects your floors from scuffs and scratches. With a classic brushed finish and perforated design, it's sure to look great in any setting.

This unit's covered top helps to contain and conceal the trash inside and it includes a large hole for easy waste disposal. The lid is easy to remove, and the included rigid plastic liner inside allows for convenient cleaning and bag changes. It reads "recycle" on the side of the can to ensure quick identification. Its 20 gallon capacity makes it a great option for any office, lobby, or retail store.
