Notes & Details

Ensure your trash receptacle remains in top condition with the Lancaster Table & Seating 20 gallon black plastic liner. This liner is a direct replacement for the original liner that comes with select 20 gallon round perforated trash / recycling cans. Crafted from light weight yet durable plastic, this liner provides a reliable solution for waste disposal in commercial settings. Plus, the round design offers a generous 20 gallon capacity. Equipped with convenient handles, this plastic liner allows for quick and easy disposal of trash, promoting efficient waste management practices. By using this compatible liner, you can maintain the integrity of your trash can and ensure a clean and organized environment.
