Notes & Details

Enhance the efficiency and functionality of your outdoor waste management system with this Lancaster Table & Seating 36 gallon heavy-duty round black slatted steel outdoor trash can with top access hole. Crafted from durable 5mm thick slatted steel and a sturdy steel base, this 36 gallon can is built to withstand heavy use in outdoor environments. The included rigid plastic liner ensures easy waste disposal and maintenance, while the top access hole keeps trash mostly concealed and helps keep it contained within the can. Ideal for parks, municipalities, and schools, this heavy-duty trash can is designed to withstand the rigors of outdoor use and maintain a clean, organized appearance.

Featuring a convenient open lid design, this trash can allows for one-handed waste disposal, making it quick and easy for guests or employees to discard trash. The lid also lifts off easily, providing hassle-free access to the plastic liner for efficient bag changes. Plus, a security cable is included to help keep the lid attached to the can to reduce theft and vandalism. With its heavy-duty construction and practical design, this outdoor trash can is a reliable solution for keeping public spaces clean and tidy. It also includes leveling feet to ensure stability on uneven surfaces. Upgrade your waste management system with this durable, functional trash can that is perfect for outdoor use in a variety of settings.
