HARD SURFACE MACHINE

SEE THE BENEFITS

of the 12-Gallon Carpet Extractor

Warranty: Lifetime warranty on body, 2-years on vacuum motors, 1-year on 1200 PSI pump and all electrical components, and 90-days on tools and accessories.

- Powerful vacuum motors offer up to 170" water lift for efficient solution recovery that results in better extraction and faster carpet drying.
- High performance motors stay cool with an innovative air intake design that uses the vacuum's own cooling fans to pull cool, outside air over the motors, reducing motor temperature and preventing overheating.
- 12-gallon solution and recovery tanks allow for quick and easy fill and dump disposal, reducing downtime.
- Waist-high controls prevent bending and stooping to operate the machine. The controls are recessed in the machine and stay protected during use, in transit or in storage.
- 10" non-skid, non-marking wheels make stair climbing easy and do not scuff floors.
- Roto-molded polyethylene tanks withstand the toughest working environments and resist dents, chips and cracks.
- The machine delivers high-pressure output that effectively removes dirt, grime, and tough stains, ensuring a thorough clean with minimal effort.
- Users can customize the cleaning intensity to suit various surfaces, preventing damage while achieving optimal results on everything from delicate tiles to heavy concrete.
- Its user-friendly design, featuring intuitive controls and a compact build, makes the machine easy to operate and maneuver.
- Ideal for both residential and commercial cleaning, it's perfect for driveways, patios, decks, and sidewalks, making it a versatile tool for maintaining outdoor spaces.
- Built with high-quality materials, the hard surface machine is designed for durability, ensuring long-lasting performance in demanding cleaning environments.
- Includes 25-foot long safety power cords.

FAST, EFFICIENT, DEEP CARPET EXTRACTING
