Lavex Pro 45 Gallon Black Wheeled Rectangular Trash Can with Lid

Item #475LVRO45BK

Technical Data

Length	27 3/8 Inches
Width	22 5/8 Inches
Height	39 3/16 Inches
Assembly Options	Fully Assembled
Capacity	45 Gallons
Casters	With Casters
Color	Black
Designation	Trash
Lid Type	Hinged
Material	Polyethylene

Features

- Heavy-duty, UV-resistant polyethylene construction boasts large 45 gallon capacity
- Unique, contoured body is ideal for automated lifting equipment
- (2) 8" blow-molded plastic treaded wheels reduce user stress and fatigue
- Contoured lid reduces warping and water entrapment
- Features a corrosion-resistant metal lift bar

Certifications

Made in America

Fully Assembled

Compatible with Auto-Lifters

Lavex Pro

Technical Data

Features	Auto Lifter Compatible Heavy Duty Made in America Mobile UV-Resistant
Product Line	Lavex Pro
Shape	Rectangle
Style	Mobile Rollout
Type	Trash Cans
Usage	Outdoor
Use Case	Cafeteria Garage Gas Station Park School

Notes & Details

Increase your establishment's waste management efficiency with the Lavex Pro 45 gallon black wheeled rectangular trash receptacle with lid! This heavy-duty receptacle and its included lid are both constructed from strong UV-resistant polyethylene, ensuring long-lasting durability. This can has a large 45 gallon capacity for high-volume waste disposal needs. The unique contoured body makes it an ideal choice for automated lifting equipment in commercial settings, especially with its corrosion-resistant metal lift bar and molded-in bumps that help increase the grip of the machinery when it is being lifted.

The lid is also contoured in order to reduce warping and water entrapment, maintaining the receptacle's integrity and cleanliness over time. It features an easy-open lift lip that runs the entire length of the lid for quick access and easy opening. Plus, the lid is built with a double-pinned design that ensures a long-lasting attachment to the receptacle. This trash receptacle is built to withstand daily use in demanding environments while being user-friendly.

Equipped with (2) 8" blow-molded plastic treaded wheels, this trash receptacle minimizes user stress and fatigue during transport, providing ease of mobility. Additionally, the wheels are mounted on a steel axle, ensuring stability and smooth transportation. Perfect for use outside your busy facility, this wheeled trash receptacle offers convenience, durability, and efficiency for your waste management needs.
