Notes & Details

Providing an excellent, compact solution for waste management, this Lavex Pro 23 gallon black slim rectangular trash can is the perfect addition to restaurants, schools, offices, and hotels where space is at a premium! Made with heavy-duty, durable resin, this bin is designed to withstand the rigors of any fast-paced environment. Plus, it's resistant to chips, dents, and bending for long-lasting reliability that you can trust.

This convenient trash can features venting channels that are large enough to create ample airflow to reduce the vacuum effect that occurs when lifting out trash liners. The added air circulation makes removing liners significantly easier than traditional trash cans, and it also features a foot assist for quick and simple liner removal - just step on the can to hold it flat on the ground while you remove the bag! Plus, bags even cinch in the handles to help keep them tightly in place. With its slender design that ensures a superior fit in smaller spaces, this trash can is sure to keep your facility clean and organized!
