

18/10 Difference

The 18/10 Stainless Steel composition we use is a strong durable metal that resists stains, rust, corrosion and is safe and double lined.

Jonas™ Conical Strainer

Great for mashing, puréeing, and draining vegetables and fruit. The strong 18/10 stainless steel can handle repeated pressure from a pestle. The strainers will not retain smells or flavors. The handle also allows the strainer to be mounted onto pots or over the sink. 18/10 SS. Made in SE. (Use with Wire Stand)

5¼" [#515014] 9" [#515023]
 6¾" [#515016] 9⅞" [#515025]
 7½" [#515018] 10⅞" [#515027]
 8¼" [#515020]

Jonas™ Solid Chinois

Solid Chinois is perfect for puréeing soft and semi-soft foods, straining soups and making stocks and broths. Made in SE.

- Chinois has 4000 holes versus 1000 in regular conical strainers
- 25 year guarantee
- Lightweight yet durable
- Will not retain smells and flavors

[#515123]
 9" Deep

Jonas™ Mesh Chinois

Extra fine mesh is ideal for filtering tiny seeds or lumps from sauces, custards, purées, soups, or drinks. Excellent for dusting pastry with a fine layer of powdered sugar. Handle and lip allow Chinois to rest on bowl or pan while in use. Made in SE.

Size: **Large** 9½" Deep [#515424]
Small 8¼" Deep [#515420]

Wire Stand

Extra support when using Jonas™ Conical Strainers, Chinois and Mesh Chinois. Will accommodate many sizes. SS. Made in SE.
