

## PIG® Oil-Only Absorbent Ground Tarp

MAT445 Absorbs Oils; Fuels; Oil-Based Liquids (Not Water), 10' x 10', Absorbs up to 12 gal.

A durable, grommeted mat that absorbs oils and fuels, not water, to contain leaks and drips outside.

- 10' x 10' mat pad contains corner grommets for tying in place
- Heavy-duty three-layer mat makes sure that oily leaks and drips never reach the ground; designed to be a ground mat for outdoor equipment and vehicle maintenance or as a barrier to catch leaks from stored equipment
- Top layer is constructed with a tough geotextile fabric for added durability against equipment and tires
- Highly absorbent middle layer traps oil and fuel, but allows rainwater to evaporate; bottom layer prevents liquids from ever reaching the ground
- Won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Cuts easily with a utility knife or scissors
- UV-resistant for extended product life
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
