DETAILS

The Matte Black finish of the Aspect 24" Floor Merchandiser Kit 5 is perfect for retail sales environments. This simple yet effective garment display is designed for hanging apparel on one side, while the other side features a mannequin platform to showcase a fully dressed mannequin. Displaying mannequins with the apparel for sale tends to boost sales and accelerate the turnover of clothing inventory.

The hangrail measures 22-7/8" wide and offers a hanging space of 21-1/4" due to the offset brackets. The bar is 11" deep from the back of the bracket and is constructed from durable 1" square tubing. The mannequin platform, measuring 23-17/32" W x 25-9/16" L x 2" H, fits snugly between the merchandiser A-frame and includes a sturdy metal frame with a wood panel insert. To complete your display, we offer a variety of in-stock mannequins, each sold separately.

All metal parts of this merchandiser are finished in a luxurious matte black powder coating, adding a touch of sophistication to your retail display. The merchandiser frame includes levelers for stability on any surface. The overall dimensions of the merchandiser are 62" high x 24" wide x 24" long, making it a compact yet highly functional display unit for retail sales environments.

Enhance your retail sales environment with the Aspect 24" Floor Merchandiser Kit 5, the ideal display solution for hanging apparel and showcasing mannequins to drive sales and attract customers.
