

Phlebotomy Cart

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

.....

Phlebotomy Cart

Our Phlebotomy Cart comes with all the amenities of a much more expensive competitor. It is height adjustable (from 36" to 46"). It has a large drawer for supplies. The drawer is available with a flat key lock, thumb latch or electronic lock. The innovative surface smoothly slides back to expose the contents of the drawer. The cart also includes a single glove box holder as well as adjustable brackets to hold numerous sized sharps containers (sharps container not included). The surface and drawer are fabricated from 1/8" painted aluminum. The painted aluminum will withstand years of abuse and disinfectants.

- Outside dimensions of work surface 15 9/16" W x 17" D x 1" H
- Inside dimensions of work surface 15 5/16" W x 15 3/8" D
