

## Pasta Cookers

### Combining durability and efficiency

Perfect for high-volume kitchens, these pasta cookers allow you to cook pasta to perfection. With a perforated basket for quick and easy draining, these are the perfect addition to the busiest of food service establishments.

### Special Features

#### Durable Stainless Steel Construction

Constructed of durable, scratch-resistant stainless steel, these pasta cookers make the perfect workhorses to any commercial kitchen, withstanding the rigors of everyday use.

#### Superior Heat Distribution

Features a 4mm thick aluminum clad bottom, increasing heat distribution to deliver consistent mouthwatering creations and eliminate hot spots.

#### Induction Ready

Can be used on standard gas or electric cooktops as well as induction surfaces for foodservice establishments transitioning to induction to increase operational efficiencies to save on cost.

#### Flavor Neutrality

Smooth nonreactive stainless steel interior promotes flavor neutrality by not interfering with the chemical composition of your signature dishes.

#### Perforated Inset

Included perforated inset is perfect for cooking, steaming, and straining pasta, seafood, and veggies.

#### Covers Included

Accompanying cover helps to retain moisture and heat for efficient cooking, while minimizing splatter to eliminate unnecessary messes.
