

## COMPACT® CORELESS 2-PLY RECYCLED TOILET PAPER BY GP PRO (GEORGIA-PACIFIC), 18 ROLLS PER PACKAGE

### Description:

Compact® Coreless 2-Ply Recycled Toilet Paper is specifically designed to increase capacity. Compact® Coreless Toilet Paper rolls fit a variety of dual-roll or high capacity 4-roll commercial toilet paper dispensing options or convert existing dispensers with the use of specially designed dispenser spindles (50011, 50012, 50013, 50030). Packaged in plastic instead of cardboard boxes, this bulk toilet paper has 95% less packaging waste and requires half the storage space as compared to GP standard bathroom tissue. Shown here in the 18-roll package, it's also available in a convenient 36-roll package (19375).

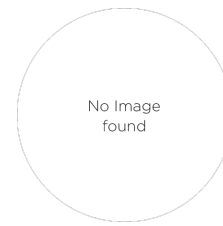

A sustainable option, Compact® Coreless 2-Ply Recycled Toilet Paper contains at least 25% post-consumer recycled fiber and meets or exceeds EPA Comprehensive Procurement Guidelines. It meets Green Seal™ Standard GS-1, based on chlorine-free processing, energy and water efficiency, and content of 100% recovered material, with a minimum of 25% post-consumer material. See GreenSeal.org for more information. This soft, two-ply toilet paper is also UL ECOLOGO® Certified for reduced environmental impact (see specific attributes evaluated at UL.COM/EL UL-175). It's a USDA Certified Biobased product and can help earn LEED® credits.

The LEED® Certification mark is a registered trademark owned by the U.S. Green Building Council and is used by permission.

### Features and Benefits:

- **CORELESS ROLLS** let you use 100% of the toilet paper and eliminate stub roll waste
- **HIGH CAPACITY ROLLS** help reduce service calls and the risk of run-out
- **MORE HYGIENIC** system design because locked system protects unused rolls until current roll is fully dispensed
- **REDUCED WASTE** due to 95% less packaging<sup>1</sup> by eliminating cardboard cores, inner wraps and other corrugated materials
- **COMPATIBLE** with Compact Quad®, Vertical and Side-by-Side toilet paper dispensers
- **CONTAINS** at least 25% Post-Consumer Recycled Fiber. Meets or Exceeds EPA Comprehensive Procurement Guidelines
