

RENEW

COFFEE EQUIPMENT POWDER DESCALER

UNIQUE BLEND OF ORGANIC ACIDS

Contains a synergistic blend of organic acids that give outstanding scale removal.

CERTIFIED FOR ORGANIC USE

Renew is registered by Australian Certified Organic (ACO) as an allowed input in organic systems. Renew is free from phosphate and Genetically Modified Organisms.

SAFE FOR YOU AND YOUR MACHINE

Safe for all machine parts, Renew is listed with NSF. It has been tested, evaluated and passed the most stringent toxicology and corrosivity standards. The ingredients and formulation of the products that are NSF certified are safe, leave no harmful residues and do not cause corrosion within the coffee machine. Safe to use on aluminium, brass and stainless steel.

RAPIDLY BIODEGRADABLE

All ingredients are all rapidly biodegradable meeting international standards.

CAN BE USED ON A WIDE RANGE OF EQUIPMENT

Designed for espresso machines, boilers and coffee brewers. Renew can also be used in kettles, urns and bain maries.

PORTION CONTROL ONE-DOSE SACHETS

Each 25g sachet makes up 1L of descaling solution.

Cafetto® is certified by independent globally recognised industry bodies

HOW TO USE - ESPRESSO MACHINE

- Add contents of sachet to 1 litre of warm water, dissolve, and then pour into water tank. Then remove filter holder and turn machine on.
- Place cup under brew spout and run out about 1 cup of the descaling solution. Run about a ¼ cup out through the steam arm. (For fully automatic machines run all the solution through the steam wand and set on hot water not the steam setting).
- Allow to stand for 15 minutes, and then repeat the process. Repeat until all the solution is used up.
- Rinse thoroughly by flushing one tank of clean fresh water through the brew head and the steam wand.

HOW TO USE - KETTLES

- Fill kettle 3/4 full of potable water and add 1 sachet (25g) Renew Descaler.
- Boil the kettle and discard boiled solution.
- Rinse and boil again with fresh water.

HOW TO USE - KETTLES

- Add contents of sachet to 1 litre of warm water and dissolve. Refer to manufacturer's instructions.
- Rinse with potable water.
