Features

- Protects against drain blockage
- Grates pass liquids through while blocking debris from entering pipes
- Aluminum construction
- Removable perforated grate for quick and easy cleanup
- Compatible with 5 1/2" diameter drain holes in 12" floor sinks

Notes & Details

Protect your drainage system and eliminate costly plumbing accidents using this Regency aluminum dome strainer! Made specifically for floor sinks, the thoughtfully-designed, slotted openings allow liquids to pass through with ease while blocking hazardous debris and other large deposits from entering your pipes. This minimizes the chances of clogged drains, bad smells, and unnecessary service calls made to your plumber!

The dome shape helps prevent unwanted splash back to eliminate subsequent messes on your floor. This helps to eliminate the risk of slips, spills, and other dangerous accidents from occurring in your establishment, which greatly reduces risk in your high-volume kitchen or bar. Boasting a heavy-duty, high-quality aluminum construction, this product is built to withstand daily wear and tear for increased longevity and heightened durability. Compatible with 5 1/2" diameter drains in 12" floor sinks, equip your floor sinks with this product to stay protected and optimize efficiency in your establishment!
