Notes & Details

Install a convenient and useful water fixture in your business with this Regency wall mount faucet! Featuring a flow rate of 2 GPM and a 1/2" NPT connection, this faucet is great for dishwashing and other general cleaning tasks. It features 8" centers, and its 3 1/2" long swivel gooseneck nozzle provides more clearance than a traditional swing nozzle.

For quick identification, this faucet features two easy-to-turn, labeled and color coded handles for hot and cold water. Plus, the entire unit features an attractive chrome-plated brass construction that looks great in any setting!

Additionally, this faucet comes with an installation kit to save you a trip to the hardware or plumbing supply store and give you everything you need for a sure fit right out of the box! It features a set of (2) 90 degree elbows that attach to the faucet inlets. (2) 24" braided 304 stainless steel water supply line connectors are also included, each with a durable PVC-reinforced internal hose and chrome-plated brass 3/8" compression x 1/2" FIP fittings. And to help you create a tight, leak-proof connection, it also comes with a roll of white PTFE thread seal tape.
