Notes & Details

Install a convenient and useful water fixture in your business with this Regency wall mount bar sink faucet! This faucet features 8" centers for fast and easy installation, and its 8" long swing spout provides excellent reach and clearance for rinsing out glasses and washing dishes in your three compartment sinks.

For quick identification, this faucet features two easy-to-turn, labeled and color coded handles for hot and cold water. Plus, the entire unit features an attractive chrome-plated brass construction that looks great in any setting! It comes with a 2 GPM aerator outlet that provides a gentle stream perfect for most standard applications.

Additionally, this faucet comes with an installation kit to save you a trip to the hardware or plumbing supply store and give you everything you need for a sure fit right out of the box! It features a set of (2) 90 degree elbows that attach to the faucet inlets. (2) 24" braided 304 stainless steel water supply line connectors are also included, each with a durable PVC-reinforced internal hose and chrome-plated brass 3/8" compression x 1/2" FIP fittings. And to help you create a tight, leak-proof connection, it also comes with a roll of white PTFE thread seal tape.
