Notes & Details

Promote sanitation in your facility by outfitting your sink with this Regency 4" wrist blade handle kit. Built for Regency faucets, this kit is the perfect option for back-of-house hand sinks. Not only is it a complete kit with even the screws needed for assembly, but it's designed to help keep your facility sanitary; the handles are just long enough to turn with your wrist, effectively keeping your hands clean after washing and turning off the water while also reducing the risk of transferring harmful germs.

Kit Includes:

- Hot insert
- Cold insert
- (2) Attachment screws
- (2) 4" blade style wrist-action handles
