Features

- Used when attaching two wire shelving units together side by side
- Stainless steel construction with black epoxy coating

Notes & Details

This metal "S" hook for wire shelving from Regency is used best when attaching two wire shelving units together side by side. With a durable, heavy-duty, black epoxy-coated stainless steel construction, it's sure to hold up under the wear and tear of daily use. Once in place, it allows items to be hung from the shelves with ease with a polished, professional appearance.
