Notes & Details

Give guests a convenient place to store coats and other accessories before dinner or a show on this Regency 18" x 24" x 74" garment rack! It features a 24" long garment tube that offers plenty of space for jackets, while the (3) 18" x 24" shelves provide ample room for handbags, hats, umbrellas, lunch boxes, and other personal items. This unit is also a welcome addition to employee breakrooms. This garment rack is built tough for long-lasting performance and boasts a sleek chrome finish that looks great as well! The non-marring feet will assist in protecting your floor from scratching and scuffing.

Assembly is made quick and easy by utilizing the 4 included split sleeves per shelf, to hold each shelf sturdy and level. Simply snap the two sides of the sleeve together at one of the incrementally spaced notches and slide the corner ring of the shelf over the sleeve. If you later wish to re-configure the shelves, it's as easy as removing the sleeves and re-positioning them as you see fit.
