## Notes & Details

To safely store your heaviest ingredients and other products, look no further than this Regency 18" x 24" heavy-duty green dunnage rack with mat! The rugged epoxy-coated green construction combines with a coated wire mat to give you a perfect storage solution for walk-in coolers or humid dish rooms, providing the same airflow benefits as wire shelving but with greater strength for heavier storage. With an 800 lb. capacity, this rack allows you to confidently store heavy fruit cartons, kegs, and other hefty supplies with ease. For added convenience, the wire mat can be removed for a simple yet thorough cleaning.

Each of the four 14" tall green wire shelving posts offer the strength and durability you need in a commercial setting. If you're looking for a durable shelving solution for your establishment, this heavy-duty dunnage rack gives you the reliability you've come to expect from Regency Space Solutions, for a price you can afford. This unit ships unassembled to provide the best possible savings on shipping costs.
