Notes & Details

Provide a tidy area for employees to store their personal belongings with this Regency Space Solutions black 45" x 18" wall mount locker. Boasting a tough steel construction with a black finish, this locker is durable enough to withstand heavy, extended use. It includes separate compartments for your employees to safely store their jackets, bags, phones, and other personal items while on the clock. Each compartment features a perforated door, which promotes proper air circulation and prevents build-up of mold and mildew. Plus, it includes a coat rod.

This locker mounts on the wall (mounting hardware sold separately), allowing you to maximize floor space for increased storage. This makes it perfect for areas with limited space, such as the back of a restaurant, community pool house, warehouse, or retail venue. For your convenience, this unit ships fully assembled.
