- Replaces the lower bracket and mounting hardware
- Direct replacement for original part
- One kit required for single Regency traffic doors, two kits for double doors
- Fits all Regency traffic doors

Notes & Details

This kit will let you easily replace a lower bracket on all Regency traffic doors! If you see that the bracket on your door is bent or that it isn't allowing the door to open and close properly, it's important to fix the issue promptly in order to avoid further damage to the door or your facility. This item replaces the lower bracket on a single door. Double doors will require 2.

Kit Includes:

- (1) lower hinge assembly
- (2) hex bolts with nuts
- (2) expansion bolts
- (2) medium cross-head bolts
