Notes & Details

This Regency 18" x 24" pass-through shelf provides a convenient place for servers to pick up their orders! Because it is made of 16-gauge type 304 stainless steel that makes it exceptionally resistant to corrosion, this shelf can be confidently installed in your kitchen without fear of rust or corrosion. The solid, flat surface is 18" wide, ensuring your dishes, bowls, and trays will fit on the shelf securely.

This pass-through shelf is made of durable type 304, 16-gauge stainless steel for the shelf and features a 1 1/2" sanitary rolled front and back edges with square ends. As a result, it makes for a reliable, long-lasting storage solution perfect for business applications. The classic stainless steel finish on this shelf and its sleek design makes it an excellent option for your restaurant, ensuring that it will blend in with any decor. To simplify installation, this shelf includes 2 L-shaped brackets for installing the shelf exactly where you want it. All other mounting hardware is sold separately.
