Notes & Details

The Regency 18" x 36" mobile slanted chrome shelf unit with 40 blue bins makes keeping organized easier than ever! This unit boasts 40 spacious bins that are slanted for optimal visibility. It can accommodate an outstanding 600 lb. of evenly distributed weight, making any type of storage possible! This unit includes 5 slanted shelves, 1 flat top shelf, 4 posts, 4 casters, and 40 blue bins. The injection-molded polypropylene bins and chrome structure is durable, allowing them to withstand daily wear and tear. It is an ideal solution for organizing tools, bolts and fasteners, molds, parts, and paper documents in one compact space.

This unit features 4 swivel casters for seamless transportation. The blue color is great for color-coding different items so that employees can quickly grab what is needed by associating the product with the color. Each bin has a molded-in label holder and built-in rear hang locks for superior convenience. It is recommended for use in dry environments. With 40 bins, this shelf unit offers a convenient way to keep your storeroom, packing area, and warehouse orderly!
