Notes & Details

Whether you're serving up a delicious cocktail or a refreshing soda, ensure you have a steady supply of cold beverages at your bar thanks to this Regency Spec Line underbar ice bin with 10 circuit cold plate! This convenient unit not only holds plenty of ice but also boasts a post-mix cold plate with stainless steel, beverage-grade tubing circuits that allow you to run up to 10 soda lines through the bin to chill them before serving. The interior bowl holds ice, while two plastic bottle holders with removable dividers let you simultaneously chill your most popular liquors and mixers. A 1" IPS drain pipe safely drains melted ice water from the unit so you're only left with solid pieces.

This Regency ice bin is constructed of 20 gauge, type 304 stainless steel and features foam insulation to help keep the bin's contents cooler longer. With its 161 lb. ice capacity, this bin holds plenty of ice to keep your operation going, customer after customer. It rests atop stainless steel legs with U-shaped cross bracing and bullet feet for ultimate stability. It also boasts a tall 7" backsplash to help keep your walls and floors dry. Thanks to this unit's versatility, it's easy to store and chill everything you need to create the perfect gin and tonic, whiskey ginger, cranberry vodka, and other popular drinks at your busy bar, nightclub, or restaurant.
