Notes & Details

This Regency Spec Line Easy Attach 24" x 120" 14-gauge 304 stainless steel commercial open base work table is the superior option for a versatile and convenient addition to your kitchen. Made from durable, easy-to-clean 14-gauge 304-series stainless steel, this work table is corrosion resistant, providing you with long-lasting use and added durability over other work tables made of 18-gauge stainless steel. Its all-stainless steel construction can withstand a wide range of tasks in your restaurant, cafe, or bakery. It's a great option for rolling out dough or chopping fruits and vegetables, providing your staff with additional workspace to complete tasks efficiently.

This table can hold up to 600 lb. of evenly distributed weight and features an open base that allows you to store tall items underneath the table. For increased stability, it includes stainless steel cross bracing with aluminum corner brackets. The legs of this work table are 1 5/8" in diameter and feature adjustable stainless steel feet, allowing you to account for uneven floors and keep your work surface level.

The Easy Attach products have all the features to provide ultimate convenience, such as the Unistrut system that eliminates the need for welding and drilling, allowing you to add and remove accessories seamlessly. It comes with a spring clip, Unistrut set, 14-gauge 304 stainless steel open base work table, and a 24" Z-bracket. It is the ultimate option to elevate your business!
