## Notes & Details

Enhance the efficiency of your bar setup with the Regency Spec Line cocktail station. This complete bar station can hold up to 15 bottles of liquor at a time. The speed rail provides immediate access to frequently used liquor and mixers, ensuring smooth and swift service during peak hours. Crafted from durable stainless steel, this cocktail station is built to withstand the rigors of a busy bar environment, making it a reliable addition to any commercial bar setting.

This unit has an 18 gauge, type 304 stainless steel underbar hand sink as well as stainless steel legs and U-shaped cross bracing for maximum durability. It has holes punched on 4" centers for simple faucet installation (sold separately). Plus, it has a tall 7" backsplash, which helps prevent splashes and overflow. It has a 1 1/2" IPS drainage connection to safely drain wastewater during use. Stainless steel sockets and bullet feet provide stability.

This unit also has an insulated underbar ice bin that comes equipped with a 1" drain, along with 2 plastic bottle holders for organized storage. It has a 77 lb. capacity. Featuring a 24" drainboard with a drain and removable perforated insert, this cocktail station simplifies cleanup and maintenance. Elevate your bar service with this efficient and durable cocktail station that is designed to streamline operations and enhance the overall customer experience!
